## TECHNICAL PRODUCT BULLETIN

---

### **Description**

FRESH-SCENT is a concentrated, ready-to-use, effective room freshener for use in meeting rooms, hotel/motel rooms, auditoriums, nursing homes, washrooms, locker rooms, and wherever a fresh scent is needed. Product leaves a pleasant odor which lasts for several hours. After odor dissipates, the chemicals continue to fight and eliminate the cause of the odors. Additionally, FRESH-SCENT is excellent for removing fire smoke odors.

### **Usage Directions**

Use as received or dilute to requirements (can be cut up to 5:1). Spray into the air towards each corner of the room. Spray into curtains and musty upholstery. Product can be used with a fogger.

### **Handling**

For institutional or industrial use only. Keep out of the reach of children. Do not use where food is exposed. Normal caution given to the use of chemicals should be exercised.

### **Packaging**

FRESH-SCENT is packaged in 4x1-gallon cases, 5-gallon pails, and 15-gallon and 55-gallon containers.
