GREEN AIR

DESCRIPTION

GREEN AIR is a concentrated, user and environmentally friendly, pleasant smelling and effective air freshener for use in meeting rooms, hotel/motel rooms, auditoriums, nursing homes, washrooms, locker rooms and where-ever else a fresh scent is needed.

Product leaves a safe, pleasant odor which lasts for several hours.

GREEN AIR is non toxic and readily biodegradable, and meets the EPA criterion 3.4.3 for cleaners in the Green Seal Environmental Standard for Lodging Properties (GS-33)

DIRECTIONS

GREEN AIR can be diluted up to 8:1 or more to suit the respective application's requirements. Spray into the air towards each corner of the room. Spray into curtains and musty upholstery, and into air exchangers. Product can be used with a fogger.

HANDLING

For institutional or industrial use only. Keep out of reach of children. Do not use where food is exposed. Normal caution given to use of chemicals should be exercised.

PACKAGING

GREEN AIR is packaged in cases of 4 x 1 gallon containers, with special closed loop inserts that mate with Pariser provided Docking Stations.
