PURPOSE HF

DESCRIPTION

PURPOSE HF is an all purpose cleaner with excellent foaming characteristics. As a kitchen cleaner it cuts grease on floors, tiles, and metal surfaces. Its foaming action removes soil and leaves a clean, non-streaked finish.

DIRECTIONS

Dispense **PURPOSE HF** through a hand pump or proportioning apparatus. As a floor cleaner, **PURPOSE HF** is used at a rate of 6 - 8 oz., per gallon of water. As an all purpose cleaner, a rate of 2 - 4 oz. per gallon can be employed.

HANDLING

PURPOSE HF is solvent based and should not be used on painted walls or surfaces. It must be stored above 32°F. Care should be taken in handling. Product should not be ingested. Prolonged exposure to fumes may cause drowsiness.

In case of contact with skin, flush with water. For eyes, continue flushing with water for 15 minutes and contact a physician.

PACKAGING

PURPOSE HF is packaged in 4x1 gallon cases, 5 gallon, 15 gallon, and 55 gallon containers.
