

Technical Product Bulletin

ULTRA-FRESH

ULTRA-FRESH is a high-performance, non-phosphate, economical, biodegradable liquid laundry detergent. The high-efficiency formula is versatile for home-style top loader and small commercial front loader washer applications and all types of textiles. This product features a thick viscosity and pleasant citrus fragrance.

Advantages

This product is safe to use on all fabrics; its controlled sudsing characteristics allow flexibility in usage parameters depending on soil classification.

Directions

Top loaders:

Light/regular soil: 2–3 ounces per load

Heavy/extra large load: 3–4 ounces per load

Packaging

ULTRA-FRESH is available in 4x1-gallon cases and 5-, 15-, and 55-gallon plastic containers.
