

Technical Product Bulletin

LXLAB

LXLAB is a complete, all-purpose built synthetic detergent compound containing a very high quantity of biodegradable non-ionic surfactant with washing strength ranging from anhydrous metasilicate to orthosilicate.

Performance

It is truly the all-purpose product for shirt, linen, and industrial uniform washing applications. Because of its high surfactant content, it does not require additional solvents or surfactants to wash all classifications from light to extra-heavy soil.

Advantages

- Completely biodegradable.
- Works effectively in hot or cold water.
- Penetrates, emulsifies, and rinses freely without redepositing soil or damaging fabric.
- Controlled suds.

Directions

Light soil: 1/2 to 1 pound per 100 pounds. Wash at 140–155°F for 8–10 minutes.

Medium soil: 1 to 1 1/2 pounds per 100 pounds. Wash at 150–160°F for 10–12 minutes.

Heavy soil: 2–3 pounds per 100 pounds. Wash at 160–170°F for 12–4 minutes.

Packaging

LXLAB is available in 50-, 100-, and 400-pound containers. Best if used within 12 months of packaging date.
