

## Technical Product Bulletin

### SMARTY PANS

SMARTY PANS is a biodegradable, fast-acting liquid pot and pan detergent for manual washing applications. A blend of natural and biodegradable detergents provides rich suds and quickly loosens grease, protein film, and hard-to-remove food deposits. SMARTY PANS is mild on hands, mixes instantly, and works effectively in hard or soft water. This product is safe on aluminum ware and works well in washing glass and crystal. SMARTY PANS has been certified by the EPA's Safer Choice program as an environmentally-preferred ware washing product.

#### Directions

SMARTY PANS can be dispensed at the rate of 1/3–1/2 ounce of product per 1 gallon of water. It should be added to the pot-sink before or during filling. SMARTY PANS works best in water ranging between 90°–120°F. More product may be needed in cold or harder water applications.

#### Handling

Care should be taken to avoid contact with eyes and mucous membranes. In the case of contact, flush liberally with water. Take care not to store product below 32°F. At recommended levels of usage, this product is entirely safe on hands and aluminum.

#### Packaging

SMARTY PANS is available in 4x1-gallon cases and 5-gallon pails.
