The Pariser Ware-With-All Ware Washing Systems program includes:

- A comprehensive line of concentrated chemicals
- Specially-designed proportioning dispensers
- Personal support from trained hygiene experts

The program ensures that our customers' personnel follow safe and proper procedures for clean food service areas with sanitary results.

Dish Machine Detergents

ALUMINATE Concentrated, non-chlorinated, capsulized, alkaline detergent that is metal-safe and effective on pewter, aluminum, and other soft metals.

DISH MATE LT Concentrated, non-chlorinated, alkaline liquid dish machine detergent for commercial low-temperature dish machine washing applications.

KEX PLUS Concentrated, non-chlorinated, alkaline liquid dish machine detergent formulated for high-temperature dish machine washing applications.

SMART WASH Eco-friendly, alkaline liquid automatic dish machine product for heavy soil applications.

SPLENDID Concentrated, chlorinated, capsulized dish machine detergent for use in hard water dishwashing applications.

WARE WITH ALL Concentrated, chlorinated, capsulized dish machine detergent.

Manual Pot, Pan, and Glass Washing

PAN HANDLER A fast-acting, multi-purpose liquid pot and pan detergent that loosens grease, protein film, and hard-to-remove food deposits. It is safe to use on aluminum, glass, and crystal.

POT-SHEEN A fast-acting, concentrated multi-purpose liquid pot and pan detergent that loosens grease, protein film, and hard-to-remove, burned-on food deposits. It is safe to use on aluminum ware.

POT-STUFF Concentrated, high-sudsing, capsulized pot and pan detergent for aluminum pots and pans, flatware, and glassware in hard water applications.

SMARTY PANS Eco-friendly, fast-acting pot and pan liquid detergent that is safe on aluminum ware, glass, and crystal and is effective in hard or soft water.

This list is a small representation of the products Pariser offers. Contact your Pariser representative or email info@pariser.net to learn more about the products that would be the most beneficial for your needs.

Rinse Agents

ECCO-RINSE Economical, broad-range, concentrated high-temperature dish machine rinse and drying agent.

RINSE LT Economical, broad-range, concentrated rinse and drying agent for low-temperature dish machines.

KOOL CHLOR Chlorine-based sanitizer for use in low-temperature dish machine operations.

SMART RINSE Eco-friendly, non-foaming, concentrated, dish machine drying and rinse agent effective on silver, flatware, china, glassware, and plastic in hard or soft water.

Ancillary Products

CHINA-SOAK A stable, oxygen bleach-based, powdered destainer for plastic, china, coffee urns, and stainless steel tableware.

DE-LIME An acid-type film and lime scale remover that clears away build-up from dish machines, steam tables, aluminum, and stainless steel equipment.

DETARN-L Liquid presoak and detarnisher for silver and stainless-steel flatware.

GREASE-OFF Quick-drying cleaner and degreaser ideal for cleaning floors, tiled areas, stainless counters, and machinery in the kitchen without leaving a filmy residue.

OVEN EZE Quick-acting, non-fuming, heavy-duty, solvenated liquid detergents that remove carbonized grease and deposits from ovens, grills, fat fryers, stove areas, steak platters, drains, vents, fans, hoods, and food dispensers.

PARA BC 100 For use in institutional facilities where disinfection, sanitization and deodorization is of prime importance.

PARAZYME Ready-to-use, enzyme formulation for drain treatment, dumpsters, and prevention of grease build-up in piping and grease traps.

PRE-FER Concentrated, capsulized flatware presoak and silver detarnisher.

STERI-CLEAN Ready-to-use disinfectant spray, cleaner, deodorizer, antiviral, tuberculocidal, fungicide, non-pathogenic mildewstat with a lemon scent.
